«BLACK ANGUS BULLS»

..... Gibbs Angus Ranch - Fallon, MT

Tim & Laurie Gibbs will be bringing 25-30 purebred yearling Angus bulls. The bulls are in good shape and ready for breeding season. Tim & Laurie have sold bulls in this region for 35 years!

The bulls are raised and developed at the ranch. This enables us to monitor them daily. In feeding the bulls, we want to achieve a reasonable growth and rate of gain without jeopardizing their soundness as a herd sire. We have always raised our own herd sires; by doing this, we can continually monitor how they perform in our environment.

The April snowstorms prevented us from semen checking the bulls in early April, we are semen checking them this week, so they will be ready for turnout at purchase. Semen papers and a final weight/performance sheet will be available on the day of the sale.

The bulls look good, their average weight was 1150 at the beginning of April. If you are looking for easy fleshing cattle with good carcass genetics, these cattle are bred to hang well. We also take pride in the docility of our cattle; they are used to being around people.

If you have any questions about any of the bulls prior to the sale, or after viewing them at Belle Fourche Livestock, please call Tim at 406.939.1084 or Megan at 406.939.1006; you can also check us out on Facebook at GibbsAngusRanch.

«RED ANGUS BULLS»

..... Diamond King Ranch - Belle Fourche, SD.

All Bulls are semen tested and sound for the breeding season. All of these bulls have great disposition, have been worked with horses, dogs, 4-wheelers, and on foot. Our feeding program is not to make them fat, but to help them grow so they PREFORM not FAIL during the breeding season. Weaning date was 9.17.2021. Thank you for interest in our Diamond King Ranch bulls. You can also follow us on Facebook @ Diamond King Ranch.

-Austin Bishop

Lot 103 - KR Gladiator Merlin 103

Born - 3.5.2021

Tag 103

RAAA # 4493827

This bull is for the heifers! His Granddam has been producing heifer calves that are still in the herd and have proven to be very fertile with high percentages settling in the first cycle. His sire is Gladiator out of the Genex Sire Selection that we chose for his birth weight and yearling wait combination. This bull will be able to deliver both as well.
